

## The God Particle (Paperback)

Filesize: 2.33 MB

### Reviews

*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.*

Trafford Publishing, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Today the discovery of the so-called God particle, the Higgs boson particle is forcing us to rethink our idea of God and how he thinks. Applying the theory of the God particle as the basic building block of everything that exists, we can easily ascribe the creation of all existing forms as simply God's way of thinking or intelligent design. Our story is the ability to change forms, rearrange the God particles by human beings, which comes about as a side effect from an illegal stem cell drug given to paralyze people. The patients are able to do out of the body travel, upsetting our legal systems. The story leads us to crimes committed by the out-of-body travelers, the law enforcement, efforts frustrated by the lack of physical explanations. An analysis by law enforcement of these weird crimes now delves into shape shifting and vampire studies, which seems related to the out-of-the-body travel. The story presents the new power, which must be stopped as a danger to our whole political system. Morally, illegality of stem cell cures, conscience of might makes right, shift shifting, vampires, and the so-called Rapture or second coming are all woven together to bring the reader into a debate about religion, science, morality, and God.
