

A Barrel of Monkeys: A Compendium of Collective Nouns for Animals

Filesize: 4.45 MB

Reviews

Extremely helpful to any or all category of individuals. It really is rally fascinating throgh studying time period. I am just quickly could possibly get a pleasure of reading a composed ebook.
(Lawrence Keeling)

A BARREL OF MONKEYS: A COMPENDIUM OF COLLECTIVE NOUNS FOR ANIMALS

[DOWNLOAD](#)

Bodleian Library, University of Oxford. Hardcover. Condition: New. 144 pages. What should we call the wild animals we spot from our windows A surfeit of skunks A dray of squirrels A patient watch of wildlife enthusiasts might even catch sight of a skulk of foxes or a scavenging sloth of bears. The practice of inventing collective nouns for animals is an ancient pastime which derives from medieval hunts, but the list has been augmented in every age and it remains an entertaining pastime today. A Barrel of Monkeys brings together more than one hundred collective nouns for animals, from a bloat of hippopotamuses to a caravan of camels, a tower of giraffes, and a leap of leopards. The rivalry between male rhinoceroses becomes especially apt when the rowdy ungulates are characterized as a crash of rhinos. An ambush of tigers is an apt characterization of the skillful hunters that silently stalk their prey. A blend of wordplay, puns, and alliteration, some of the terms collected here are now commonplace, like a pride of lions. Others aren't heard much these days, but many like a dazzle of zebras or a prickly of porcupines richly deserve a comeback. With charming illustrations by the eighteenth-century artist and naturalist Thomas Bewick, A Barrel of Monkeys is the perfect follow-up to A Conspiracy of Ravens, the Bodleian Library's book of bird words. Not even a crash of rhinos can stop readers from smiling at this second collection. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
