

## Precessional Time and the Evolution of Consciousness: How Stories Create the World (Paperback)

By Richard Heath

Inner Traditions Bear and Company, United States, 2011.  
Paperback. Condition: New. Language: English . Brand New Book. How stories enable us to identify the inner spiritual aspects within our material world and participate in the evolution of human consciousness foretold by ancient myths - Reveals the heightened creativity necessary and available during a precessional shift between ages - Identifies where and how cosmic energies of consciousness and creativity can be found using principles developed by G. I. Gurdjieff and John G. Bennett - Explores how myths, megaliths, language, and cave art enabled narratives shaped by sacred proportion All of culture can be said to be made up of stories. In fact it is stories, more than language, tools, or intellect, that make us human. Our Neolithic and Megalithic ancestors recognized this and stored, within their mythic narratives, an understanding of how sky changes evoke changes in consciousness as human cultures progress through each Zodiacal Age of the precessional cycle. As we enter the Age of Aquarius, it is time to recognize the profound power of stories to give our world meaning. Exploring how ancient myths, megalithic structures, the formation of language, and even prehistoric cave art are narratives shaped by...
