Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. One of the most important things a Christian / Believer needs to get right is to learn to hear our Heavenly Father's voice when He speaks. In this book I'll be covering just a few of the times our Heavenly Father speaks individually to man, woman or to a whole nation. This is very important for you to get right! It is important to realize that He, the Almighty, created everything, He created us so that He can have relationship with us. The evidence of this fact is all around us in our everyday life. He wants a relationship with us more than we do with Him. Many people wrongly believe that our Heavenly Father spoke only to the prophets. It shows that the person does not know the Bible and not studied it in depth. You would surely be surprised at just how often the Father speaks to people who are not always prophets. I have not covered all the different ways and means the Father speaks to us. The purpose of writing this book is just to point out when the Father spoke audibly so that you too can be attuned, to get a real good understanding of the Father's desire to communicate with us, in order to have a close relationship with each and every one of us. He DOES speak audibly to us so that we can hear and understand what He wants to tell us and why.
