By Wm Ripley Nichols

Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Laboratory Experiments in General Chemistry: Compiled From Eliot and Storer s Manual and Other Sources As this pamphlet may fall into the hands of teachers and others outside of the Institute, it may be proper to say a few words by way of introduction. The pamphlet is not intended to be used without a teacher. As far as possible the directions are given which will enable the student to perform the experiments successfully, but he is left to make his own observations, and then to interpret the results, with such aid as may be necessary from the instructors who are always present in the laboratory. This system, which was introduced by Professor Caldwell in his Introductory Chemical Practice, requires a careful inspection of the laboratory note-books. At the Institute most of the experiments are performed on the lecture table before they are attempted by the student, and any text-book may be consulted outside the laboratory; in the laboratory itself no other book than this is allowed. In some cases a sketch of the necessary apparatus, or an example of the...
