We all have an organized structure in which we live in, and all our necessities are nearby. Humans require water and food, above all other commodities and necessities, to survive and in our natural habitat we do not worry about the provision of these items. A simple visit to the grocery store serves all our requirements. But, our job here is not to tell you the things you already know, but to prepare you for any hurdle that may come into this organized structure. Floods, earthquakes, or any other natural disaster may influence your life negatively and this book is all about helping you in picking the right food to survive in these circumstances. Panic is the first indication of losing it all. We want you to avoid that and the methodology is preplanning and awareness of disastrous situations. In this book, we...
